Highlights

The commercial vehicle fee replaces the current property tax for both interstate and intrastate commercial vehicles.

Registration fees and Commercial Vehicle fees will be collected on all commercial vehicles registered in Kansas.

All commercial vehicle registration will be from January 1 through December 31, with a grace period through March 1.

All commercial vehicles will be registered by the "fleet".

A "fleet" of commercial vehicles is one or more vehicles.

Kansas Based IRP Registered Vehicles

Kansas based IRP (interstate) registered commercial vehicles will pay the commercial vehicle fee. The amount of the commercial fee will be based on their apportioned Kansas percentage. The commercial vehicle fee will be remitted to the County in which the interstate commercial fleet account is based.

Non-Kansas Based IRP Registered Vehicles

Out of State apportioned carriers (International Registration Plan; IRP) will pay the commercial fee based on their apportioned Kansas mileage percentage. The commercial vehicle fee will be collected on all out-of-state vehicles being registered in Kansas.

Intrastate Commercial Vehicle

The Commercial Vehicle fee for intrastate commercial vehicles will be distributed in the same manner as property taxes levied on motor vehicles.

Commercial Vehicle fees will be credited to the County where the intrastate commercial vehicle is based. If an operator of intrastate commercial vehicles registers in One County, but has vehicles based in another County, the County collecting the commercial vehicle fee will remit the fee to the County where the vehicle's base is declared. The Commercial Vehicle fee is the same in all Counties.

These changes allow commercial vehicle registrations in a single fleet registration transaction in a single County by declaring the County where each vehicle is based that they are registering.
